

Opening Day Review

Monday 4th April 2022

A field of seventy players teed off at Embleton Golf Course in our season Opening Event of Stableford on a pleasant overcast day. The course looked lovely and was in good condition, but certainly has some challenging holes.

Our first nine hole event on the One Golf System threw up some unexpected obstacles for our tournament directors to navigate. So our patient participants had some extra social time while enjoying their early lunch.

It wasn't long before our diligent Tournament directors and their team had our results.

First, second and third place getters took out the prizes along with nine novelty winners and seven lucky raffle recipients.

Thank you to all our organisers, the Embleton Golf Course for their hospitality, The Embers golf club ladies for their morning donations and of course to all our players for your participation. I hope you all enjoyed your day.
