

## **SPRING CARNIVAL REVIEW**

**AUGUST 22<sup>nd</sup> & 23<sup>rd</sup> 2022**

For the first time in a few years for 2022 we went back to Hillview Public Golf Course for our 2 day Spring Carnival. Day one saw a field of 60 players in both stroke and stableford competitions play the Classic and Lakes courses in cool, sunny but breezy conditions. The course, although in good condition, still held it's challenges but nevertheless some great results were recorded. We had a long list of eventual winners across the Stroke, Stableford and Veteran competitions.

Day two was the 4BBB competition played on the Lakes and Heritage courses in similar weather conditions. A new challenge for Megan and our tournament directors as this was the first time we had ever played the Heritage/ Lakes course combination in our events, but alas, all went smoothly and the field of 72 moved through and results were soon at hand. My feedback was very positive on the new challenge of the Heritage course, a couple of comments about the "long" par 4's.... but a good day, well run and a good mix of winners. Congratulations to all across both days, I hope you all enjoyed your tournament.

Good to see Marj and Joan our forever reliable "lolly" ladies, and sending well wishes to their comrade in arms, Shirley for a speedy health recovery.

Many thanks to Hillview Golf staff for their assistance, and to the Bar and Restaurant staff, we were well fed and watered over both days. Thanks very much to the Tournament Directors for all their time and efforts in putting the competition together and to all the extended committee for all your help with raffles, prizes and other facets of putting together and running these events.
